

# Link up with everyone in your group!

Follow these important steps on [MyDisneyExperience.com](https://www.mylisneyexperience.com)

1. Each party needs to create a **My Disney Experience** account.
2. Navigate to the Family and Friends page and click "Add a guest."
3. Select "By entering his or her name" and enter each guest's info.
4. If you will be making plans for a guest, select "I will manage all the plans for this friend."

**OR**

If a guest is planning on his/her own, select "I will invite this friend to make plans with me through his or her Disney account" and enter the email address of that guest. You've now sent an invitation, so the other party needs to accept.

5. Link your *Walt Disney World* Theme Park tickets to each guest by typing in the Unique ID code or by scanning the QR code on the back of the ticket.
6. Now you're all linked up!

## Additional tips

- Make sure to select *FastPass+* selections at times that don't conflict with other scheduled events.
- To help with *FastPass+* planning and availability, you may want to divide into smaller groups.
- Remember to write each person's name on the back of the ticket with a fine tip marker.
